

## Georgi Musev, CEO Humancredit gGmbH

As CEO of Humancredit which he established in 2014, Georgi Musev is responsible for the strategic positioning of the social startup from Berlin. Before establishing Humancredit, Georgi cofounded an agency for spatial and digital communications called raumHOCH and ran it for seven years. He was responsible for the creation of innovative communications solutions and software integration. After completing his studies in architecture, the Bulgarian-born father of two children has been working more than 20 years at the interface between the tangible and digital world.
